

In re Application of: Eshel BEN-JACOB et al.
Serial No.: 10/534,127
Filed: November 18, 2005
Office Action Mailing Date: May 5, 2009

Examiner: Lee S. COHEN
Group Art Unit: 3739
Attorney Docket: 29752

REMARKS

Reconsideration of the above-identified Application in view of the amendments above and the remarks following is respectfully requested.

Claims 369-378, 380-383, 385-397, 399-414 and 416-430 are in this Application. Claims 405-409, 413 and 414 have been rejected. Claim 410 has been objected to. Claims 369-378, 380-383, 385-397, 399-404, 410-412 and 416-430 have been allowed.

Claims 405, 406, 410 and 413 have been amended herewith.

The Application now comprises, after amendments, claims 369-378, 380-383, 385-397, 399-414 and 416-430, of which claims 369, 401, 410, 418 and 430 are in independent form.

35 U.S.C. §112 Rejections

The Examiner rejects claims 405-409, 413 and 414 under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicants regard as the invention.

Claim 405 has been amended to depend from claim 404 so as to establish antecedent basis to "said system of amplifiers". It is believed that this amendment overcomes the 112 rejection with respect to claim 405.

In claim 406 the typographic error "viat" has been replaced with "via at". It is believed that this amendment overcomes the 112 rejections with respect to claim 406 as well as claim 407 which depends therefrom.

In claim 413, the word "said" has been introduced to unambiguously points to the electrode structure of claim 410, thereby overcoming the 112 rejection with respect to claim 413.

Claim Objection

In claim 410, "is" was inserted preceding "vacuum adhered" as properly pointed out by the Examiner.
